Outpatient Surgery Fees

Depending on your individual insurance plan, you may have to pay a copay or deductible fee. Because your procedure is scheduled to take place in an Ambulatory Surgery Center (ASC) and is considered outpatient surgery, your copay will not be the same as a specialist office visit copay. It is your responsibility to contact your insurance company to determine if you have an outpatient surgery fee.

Any copays or deductibles will be the responsibility of the patient.
